Informed consent

I understand:

- The physiotherapist will explain the assessment and proposed treatment, including benefits, risks, and alternatives.
- I may refuse any part of assessment or treatment, or withdraw consent at any time, without affecting my right to future care.
- Hands-on treatment and exercise can cause temporary soreness. Other uncommon risks depend on the technique and will be explained before use.
- Results vary. No specific outcome is guaranteed.
- Clinical information is collected under Ontario's Personal Health Information Protection Act (PHIPA) and the standards of the College of Physiotherapists of Ontario. It is used to treat me, book visits, and bill my insurer when I ask the clinic to do so.
- I am responsible for fees not paid by insurance, MVA, or WSIB.

I have had a chance to ask questions. I consent to physiotherapy assessment and treatment at PhysioCare Wellness & Rehab.
